NOTICE (Contd....)

ANNEXURE TO THE NOTICE

Explanatory statement under section 102(1) of the Companies Act, 2013.

Item No 3:

The Board of Directors of the Company appointed Ms. Zalpa B. Rathod (DIN: 08144926) as an Additional, Independent, Woman Director w.e.f May 29, 2018 pursuant to the provision of Section 161 of the Companies Act. 2013.

In the terms of Section 161 of the Companies Act, 2013 read with rules of Companies (Appointment of Qualification of Directors) Rules, 2014 made thereunder (including any statutory modification(s) or re-enactment thereof for the time being in force) Ms. Zalpa B. Rathod would hold office upto the date of ensuring Annual General Meeting.

Ms. Zalpa B. Rathod is not disqualified from being appointed as a Director in the terms of Section 164 of the Act and has given her consent to act as Director.

The Company has received declaration from Ms. Zalpa B. Rathod that she meets criteria of Independence as prescribed under the Section 149 and other applicable provisions of the Companies Act, 2013, and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and being eligible and offering herself for appointment, is proposed to be appointed as an Independent Woman Director for a period of five consecutive years up to 28th May, 2023.

The Nomination and Remuneration Committee, at its meeting held on 29th May, 2018 had recommended the reappointment of Ms. Zalpa B. Rathod as Independent Woman Director of the Company and terms of remuneration payable to her for a period of five consecutive years.

In the Opinion of the Board, Ms. Zalpa B. Rathod fulfills the Conditions specified in the Companies Act, 2013 and rules made thereunder for her appointment as an Independent Director of the Company and she is Independent of the management.

According to Section 197 of the Companies Act, 2013 she will entitled to receive remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board, reimbursement of expenses for participation in the Board and other meetings and profit related commission within limits stipulated under Section 197 of the Act.

Copy of letter of appointment of Ms. Zalpa B. Rathod setting out terms and conditions of appointment is available for inspection by the members at the Registered office of the Company during normal business hours.

The Board considers that her continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Ms. Zalpa B. Rathod as an Independent Woman Director. Accordingly, the Board recommends the resolution in relation to appointment of Ms. Zalpa B. Rathod as an Independent Director, for the approval by the shareholders of the Company.

Except, Ms. Zalpa B. Rathod, being an appointee, none of other directors and key managerial personnel of the Company and their relatives are in anyway, concerned or interested, financially or otherwise, in the resolution set out in the item no. 3. The explanatory statement may also be regarded as disclosure under Regulation 36 (3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and clause no. 1.2.5 of the Secretarial Standard-2 is annexured herewith this notice.

The Board commends the Ordinary Resolution set out at item no. 4 of the Notice for approval by the Members.

2) HIGHLIGHTS:

The year under review was also critical year for the Company. The turnover of the Company was of ₹10,362.83 lacs, which depicts a decline upto 34.50 % as compared to the turnover of the Company for the previous year 2016-17. However, the Loss after tax was ₹1423.89 lacs which also reduced by 92.83% as compared to last financial year. The major reasons for lower turnover were sluggish market conditions, international competition and shortage of working capital. Effluent Treatment Plant (ETP) is operative in full capacity and the performance is satisfactory.

Moreover, as the Company is facing shortage of Working Capital, the Company has put thrust on the job work which results into lower turnover and lower profitability.

During the year under review Bank of India and Canara Bank, Indian Overseas Bank have assigned their debts to Assets Reconstruction Company. Thus, majority of consortium members of the Banks (i.e. State Bank of India, Allahabad Bank, The Karur Vasya Bank Limited, Punjab National Bank & Union Bank of India, Bank of India, Canara Bank and Indian Overseas Bank) have assigned their debts to Assets Reconstruction Company.

During the pendency of cases into the Debt Recovery Tribunal-1, Ahmedabad, Canara Bank and Inidian Overseas Bank have assigned the debt due from the Company to Invent Assets Securitisation & Reconstruction Pvt. Ltd (hereinafter refer to as 'Invent'). Therefore, Invent has filed the application for substitution of name into DRT-1, Ahmedabad. The State Bank of Patiala had also filed an Original Application into DRT-1, Ahmedabad to claim their dues from the Company and the said matter is pending for hearing into DRT-1, Ahmedabad.

3) DIVIDEND:

Due to the Loss incurred by Company during the year under review, the directors are not able to recommend dividend for the year 2017-18.

4) TRANSFER TO RESERVE:

In view of losses, the Company has not proposed to transfer any amount to any reserves of the Company.

5) MANAGEMENT DISCUSSION AND ANALYSIS:

As stipulated in the Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Management Discussion and Analysis Report forms part of this Annual Report.

The Company had submitted the said results 10 days later on after the due date i.e. 30th May, 2016 and the penalty of Rs. 57,500 & Rs. 50,000 were imposed by BSE & NSE respectively.

The matter was placed before the Board at its meeting held on 30th May, 2016 which was well within the period allowed by Regulation 33 of the Listing Agreement SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 (Listing Regulations). In the said meeting the Board opined to take advice/ opinion of the expert and defer the agenda of consideration of Audited Results for the quarter and year ended 31st March, 2016 sine die. Thus the Company had put its all efforts to comply with the requirement of the Listing Agreement. However, as the Board was required to refer the matter to expert the same could not be approved within the time stated in Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations). The Board considered the aforesaid matter on 9th June, 2016 which was delayed by 9 days from the date only.

The Company had paid the aforementioned fees as on 28^{th} June, 2016 to BSE & 27^{th} June, 2016 to NSE.

INDEPENDENT AUDITOR'S REPORT

To the Members of Pradip Overseas Limited

Report on the Indian Accounting Standards (Ind AS) Financial Statements

We have audited the accompanying Ind AS financial statements of Pradip Overseas Limited ("the company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Basis for Qualified Opinion

Due to defaults in payment of bank loans, the Company's accounts have been classified as Non Performing Assets (NPA) by the banks. Most of the banks have not charged interest on the Company's borrowings / loans. During the period under audit, no provision has been made for such interest in the books of accounts of the company and to that extent bank's loan liability and total loss is understated by Rs. 41.91 Cr.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, its total comprehensive income (comprising loss and other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matters

We draw attention to the following matters in the notes to the financial statements:

a) Note no. 16.1.1 to the financial statements in respect of failure of approved CDR package.

INDEPENDENT AUDITOR'S REPORT (Contd...)

- b) Note no. 16.1.2 to the financial statements in respect of assignment of debts of some of the banks to Invent Assets Securitisation & Reconstruction Pvt. Ltd. ("Invent") and One Time Settlement with Invent for the repayment of debts of three banks.
- c) Note no. 16.1.3 to the financial statements in respect of preparation of financial statements on going concern.
- d) Note no. 33 to the financial statements in respect of the notices received by the Company under Securitization & Reconstruction of Financial Assets & Enforcement of Security Interest Act, 2002.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income) and the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - f. On the basis of written representations received from the directors as on 31st March, 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
 - g. The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
 - h. With respect to the adequacy of the internal financial controls over financial reporting of the company and operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements Refer note 33.1 to the Financial Statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO INDEPENDENT AUDITOR'S REPORT

Referred to in Paragraph 1 under the heading of "report on other legal and regulatory requirements" of our report of even date

- (i) In respect of its Property, Plant & Equipment:
 - a. The Company has maintained proper records showing full particulars including quantitative details and situation of the fixed assets.
 - b. As explained to us, all the fixed assets have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
 - c. According to the information and explanation given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) In respect of its inventories:
 - As explained to us, the inventories have been physically verified at reasonable intervals during the year by the management. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material. The discrepancies have been properly dealt with in the books of accounts.
- (iii) According to the information and explanations given to us, the Company has not granted loans, secured or unsecured to any Companies, Firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause (iii) (a), (iii) (b) & (iii) (c) of paragraph 3 of the Order are not applicable to the Company.
- (iv) The company has not given any loans, investments, guarantees or securities covered under section 185 and section 186 of the Act. Hence, the provisions of Clause (iv) of paragraph 3 of the Order are not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits. Therefore, the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the Company. We are informed that no order relating to the Company has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 read with Companies (Cost Records and Audit) Amendment Rules, 2014 prescribed by the Central Government under Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us in respect of statutory dues:
 - The Company has generally been regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, goods and services tax, cess and any other statutory dues, as applicable to the Company, during the year with the appropriate authorities. There are no undisputed statutory dues in arrears as on 31st March, 2018 for a period of more than six months from the date they became payable.
 - b) There are no amounts payables in respect of income tax, service tax, sales tax, duty of customs, goods and services tax, duty of excise or value added tax or cess which have not been deposited on account of disputes.
- (viii) According to the records of the Company examined by us and the information and explanation given to us, the Company has defaulted in repayment of loans or borrowings to banks as at the balance sheet date. Details of which are as below:

(₹ in Cr.)

Bank Name	Amount of Default as on 31/03/2018*	Default From

ANNEXURE "B" TO INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2(h) under 'Report on Other Legal and Regulatory Requirements' of our report of even date

Report on the Internal Financial Controls under section 143(3)(i) of the Act

We have audited the internal financial controls over financial reporting of Pradip Overseas Limited ("the Company") as of 31st March, 2018, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note"), issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may

ANNEXURE "B" TO INDEPENDENT AUDITOR'S REPORT (Contd...)

occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The company has its registered office and manufacturing facilities at Changodar and corporate office in Ahmedabad. The company is a public limited company with its shares listed on both BSE Limited (BSE) and NSE Limited (NSE).

2. Basis for Preparation of Financial statements, Significant Accounting Policies and critical estimates & judgments

A. Basis for Preparation of Accounts

The financial statements have been prepared under the historical cost convention, except Investments which are measured at fair value. All income and expenditure having a material bearing on the financial statements are recognized on accrual basis. The preparation of financial statements requires estimates and assumption to be made that affect the reported amount of assets and liabilities and revenue and expenditures during the reporting periods. Difference between actual results and estimates are recognized in the period in which they are known/ materialized.

These financial statements are the first financial statements of the Company under Ind AS. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is given in Note 34.

B. Compliance with Ind AS

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as issued under the Companies (Indian Accounting Standards) Rule, 2015.

For all the periods up to and including the year ended March 31, 2017, the Company prepared its Financial Statements in accordance with Accounting Standards issued by the Institute of Chartered Accountants of India and the provisions of the Companies Act, 2013. These Financial Statements for the year ended March 31, 2018 are the first financial statements that the Company has prepared in accordance with Ind AS.

C. Summary of Significant Accounting Policies:

The following are the significant accounting policies applied by the Company in preparing its financial statements consistently to all the periods presented, including the preparation of the opening Ind AS Balance Sheet as at April 1, 2016 being the date of transition to Ind AS.

I. Current verses non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intends to be sold or consumed in the normal operating cycle;
- Help primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle of the Company is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. As the Company's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

II. Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumption and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Difference between actual results estimates are recognized in the period in which the result is known/materialized.

The said estimates are based on the facts and events, that existed as at reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

III. Financial instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial asset

i. Classification and measurement

Classification

The Company classifies its financial assets, other than investments in subsidiaries and joint venture in the following measurement categories:

- a. those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b. those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, all financial assets are measured initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There is only one measurement category into which the Company classifies its debt instruments as follows:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts which are repayable on demand and form an integral part of an entity's cash management system. Other bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

ii. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 52 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

iii. Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the financial asset have been transferred, or
- The Company retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the Company has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. When the Company has not transferred substantially all the risks and rewards of ownership of a financial asset, the financial asset is not derecognised.

When the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. When the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement of the asset.

iv. Income recognition

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

B. Financial liabilities

i. Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of Profit and Loss, loans and borrowing, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings including cash credit facilities from banks and derivative financial instruments.

ii. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Statement of Profit and loss. Financial liabilities at fair value through profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through Profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivatives financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit and loss.

Financial liabilities designated upon initial recognition at fair value through statement of profit and loss are designated as such at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risks are recognized in OCI. These gains/losses are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit and loss.

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognized in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. For the Loans classified as NPAs, the borrowings have not been shown on amortised cost method.

Financial guarantee contracts:

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument.

Financial guarantee contracts are recognized initially as a liability at fair value through statement of profit and loss (FVTPL), adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortisation.

iii. Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and loss.

C. Derivative financial instrument:

The Company uses derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instrument is initially recognized at fair value through consolidated statement of Profit and loss (FVTPL) on the date on which a derivative contract is entered into and is subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument are classified in the consolidated statement of Profit and loss and reported with foreign exchange gains/(loss) not within results from operating activities. Changes in fair value and gains/(losses) on settlement of foreign currency derivative financial instruments relating to borrowings, which have not been designed as hedge are recorded as finance cost.

D. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to relate the assets and settle the liabilities simultaneously.

IV. Property, plant and equipment

On the date of transaction, the Company has elected to continue with the previous GAAP's carrying amount as deemed cost to measure all the items of property, plant and equipment.

Property, plant and equipment are stated at cost, net of recoverable taxes less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and borrowing costs if capitalisation criteria are met, the cost of replacing part of the fixed assets and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significantly parts of fixed assets are required to be replaced at intervals, the company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major overhauling is performed, its cost is recognized in the carrying amount of the Property, plant and equipment as a replacement if the recognition criteria are satisfied. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of Property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of parts replaced, are charged to the statement of Profit and Loss for the period during which such expenses are incurred.

The company adjusts exchange differences arising on translation/settlement of long-term foreign currency monetary items, outstanding in the Indian GAAP financial statements for the period ending immediately before the beginning of the first Ind AS financial statements i.e. 31st March 2017 and pertaining to the acquisition of a depreciable asset, to the cost of the asset and depreciates the same over the remaining life of the asset.

Capital work in progress comprised of cost of Property, plant and equipment that are yet not installed and not ready for their intended use at the balance sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if applicable.

The Company calculates depreciation on items of property, plant and equipment on a written down value basis as per the Companies Act, 2013.

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

V. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the assets are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognised.

Amortisation

Software is amortized over management estimate of its useful life of 3 years.

VI. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

VII. Inventories

Inventories of Raw material, Work-in-progress, Finished goods and Stock-in-trade are valued at the lower of cost and net realisable value. However, Raw material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Raw Material, Packing Material, Chemicals, Lignite, Stores and Consumables, Work-in-Progress and Finished Goods are valued at lower of cost and net realizable value.

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

Cost is ascertained on FIFO basis and includes appropriate production overheads in case of Work-in-Progress and Finished Goods. The closing stock-in-trade consisting of land has been valued at fair market value on the date of conversion from capital asset to stock-in-trade, i.e. 31.03.2014 or current market value whichever is lower.

All other inventories of stores, consumables, project material at site are valued at cost. The stock of waste is valued at net realisable value.

Excise duty wherever applicable is provided on finished goods lying within the factory and bonded warehouse at the end of the year.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VIII. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discounts, rebates, Value Added Tax, Goods & Services Tax and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

The specific recognition criteria described below must also be met before revenue is recognized.

- a. Sale of Goods: Revenue from the sale of goods is recognised when all the following conditions are satisfied:
- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

b. Sale of Services

Sales are recognised upon the rendering of services and are recognised net of service tax/Goods & Services Tax(GST).

c. Interest income

Interest is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

d. Dividend

Dividend Income is recognised when the Company's right to receive is established which is generally occurred when the shareholders approve the dividend.

e. All other items are recognised on accrual basis.

IX. Taxes on Income

Tax expense comprises of current income tax and deferred tax.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the statement of Profit and Loss is recognised outside the statement of Profit and Loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

Deferred income tax

Deferred income tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except.

- When the Deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss;
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent it is probable that future taxable amounts will be available against the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised except:

- When the deferred tax asset arises relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets is to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of Profit and Loss is recognised outside the statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

X. Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

the related service are recognized in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period on government bonds using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Post-employment obligations

The Company operates the following post-employment schemes:

- a) defined benefit plans such as gratuity and
- b) defined contribution plans such as provident fund.

Defined benefit plan

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

XI. Foreign Currency Transactions

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('The Functional Currency') The Financial statements are presented in Indian Rupee (INR), which is the company's functional and presentation currency.

Transactions in Foreign currency are recorded at the rate of exchange in force at the time transactions are effected and exchange difference, if any, on settlement of transaction is recognized in the Statement of Profit & Loss. Monetary transaction balance other than

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

FCDL as on date of Balance Sheet have been reported at exchange rate on Balance Sheet date and difference charged to the Statement of Profit & Loss. Forward contract premium paid on forward contracts are amortized to Statement of Profit & Loss over life of such contract.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

XII. Fair value measurement

The Company measures financial instruments such as Investments at fair value at the end of each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and for non-recurring measurement, such as asset held for sale.

External valuers are involved for valuation of significant assets, such as properties. Involvement of external valuers is decided upon annually by the management after

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

Management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

XIII. Investment and other Financial Assets

Financial assets are recognized and measured in accordance with Ind AS 109 – Financial Instruments. Accordingly, the company recognizes financial asset only when it has contractual right to receive cash or other financial assets from another Company.

a. Initial recognition and measurement

All financial assets, except investment in subsidiary are measured initially at fair value plus, transaction costs that are attributable to the acquisition of the financial asset. The transaction cost incurred for the purchase of financial assets held at fair value through profit or loss is expended in the statement of Profit and Loss immediately.

b. Subsequent measurement

For the purpose of Subsequent measurement financial assets are classified in three categories:

- Measured at amortised cost
- Measured at fair value through other comprehensive income (FVOCI)
- Measured at fair value through Profit and Loss (FVTPL)

XIV. Debt instruments at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are accounted for at amortized cost using the effective interest method. This category comprises trade accounts receivable, loans, cash and cash equivalents, bank balances and other financial assets. A gain or loss on a debt instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in the Statement of Profit and Loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Debt instruments at fair value through other comprehensive income (FVOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through Other Comprehensive Income (FVOCI).

The movement in carrying amount are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in Other Comprehensive Income is reclassified from equity to the Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in finance income using the effective interest rate method.

Debt instruments at fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation at amortized cost or s FVTOCI, is classified as at FVTPL.

SIGNIFICANT ACCOUNTING POLICIES (Contd...)

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

XV. Equity investments

All equity investments, except in subsidiary are measured at cost in scope of Ind AS 109 are measured at fair value. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instruments as a FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in other comprehensive income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of Investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the company's Balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred substantially all the risks and rewards of the asset

XVI. Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

XVII. Export incentives

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

XVIII. Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and a reliable Estimate can be made of the amount of the obligation. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements

XIX. Earnings per share

Basic Earnings per Share is calculated by dividing the net profit/ loss for the year attributable to ordinary equity holders by the weighted average number of equity shares outstanding during the year.

Diluted Earnings Per Share is calculated by dividing the profit attributable to equity holders (or owners) of the Company by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares

XX. Segment Reporting

The segments have been identified taking into account the nature of the products / services, geographical locations, nature of risks and returns, internal organization structure and internal financial reporting system. The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

16.1 Corporate Debt Restructuring:

The Company had gone for restructuring of its debt in F.Y. 2011-12. But on account of various factors, interalia, unavailability of ETP facility, fluctuation in cotton prices, high receivables and high debtors level, continued global recession etc., the company's operations have been severely affected and the company was not able to meet the scheduled debt service obligations. Hence the company had decided to approach the Corporate Debt Restructuring (CDR) Cell for restructuring of the existing loans.

At the request of the company and in consideration of the company's commitment to improve its operations, the lenders had agreed to refer the company's proposal to Corporate Debt Restructuring Forum for the efficient restructuring of its corporate debt (hereinafter referred to as the "CDR"). Pursuant thereto, the CDR Empowered group at their meeting held on December 11, 2013 had approved a restructuring package in terms of which the existing loans of the lenders to the company are to be restructured on the terms and conditions set out in Letter of Approval (LOA) dated December 16, 2013, as amended / modified from time to time. The cut-off date ('COD') for the CDR proposal was January 1, 2013. The Master Restructuring Agreement ('MRA') was executed on March 22, 2014 between the borrower and the CDR lenders, by virtue of which the restructured facilities are governed by the provisions specified in the MRA having COD of January 1, 2013.

16.1.1 Failure of Approved CDR Package:

As per the MRA document, two year holiday was offered by the lenders for interest & installment. However, due to late disbursement of term loan for Effluent Treatment Plant ('ETP'), the company could not complete the ETP in time & accordingly the production could not be increased. Also the company had anticipated that

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018 (Contd...)

the approval of proposed industrial parks would be received from Government of Gujarat, which was also delayed. Due to these reasons, the company was not in a position to service the interest & installment starting from 1st January 2015. Company had represented the reasons for the non-payment of interest & installment to all the lenders & CDR cell, however after giving an extension till September 2015, CDR cell & lenders decided to withdraw from the CDR Scheme. The CDR cell had informed company in the month of January 2016 regarding the failure of the approved CDR package.

16.1.2 Assignment of Debt & One Time Settlement (OTS):

Till F.Y. 2016-17, five lenders namely State Bank of India (SBI), Allahabad Bank, Karur Vasya Bank (KVB), Union Bank of India and Punjab National Bank had sold their stake to Invent Assets Securitization & Reconstruction Pvt. Ltd. ("Invent") - the designated "Asset Reconstruction Company" (ARC). The company had entered into settlement agreement on 29th July, 2016 for the repayment of the debts of State Bank of India (SBI), Allahabad Bank, Karur Vasya Bank (KVB) to Invent. In terms of the settlement agreement, if all the terms and conditions are fully complied by the company upto February 2021, there will be reduction in debt, as per books of accounts of the company, by ₹ 347.45 Cr.

During the year, Bank of India (BOI) & Indian Overseas Bank (IOB) have assigned their debts to Invent Assets Securitization & Reconstruction Pvt. Ltd. ("Invent"). On 11th April, 2018, Canara Bank has also assigned its debts to Invent Assets Securitization & Reconstruction Pvt. Ltd. ("Invent"). The company has approached Invent for One Time Settlement of the said dues.

Steps taken by Management:

Industrial Park Project at Bhamasra land:

The company had received the approval of its land parcels for the proposed Industrial Park in October, 2015. The company is in process completing certain formalities pertaining to land like NA approval, amalgamation of all land parcels etc. from revenue department of Government of Gujarat. The company is also applying for Environmental Clearance (EC) for the entire land of Industrial Park. Once these basic formalities are completed, the company will take up the developmental activity of the said Park.

16.1.3 Going Concern:

After completion of ETP, the production capacity of the plant has been improving. The company has also taken various steps to reduce cost & improve efficiencies to make its operations profitable. The company has also received the approval of its land parcels for the proposed Industrial Park at Bhamsara & is making effort to tie-up with reputed developer to take up the development work at the proposed park. The company is hopeful for One Time Settlement (OTS) of its outstanding debt which is assigned to Invent by March, 2019. The company is concentrating on job work which is less capital intensive and has higher margins. The company has prepared the financial statements on going concern basis and therefore no adjustments have been made to the carrying values or classification of assets and liabilities.

33.1 Details of Pending Litigations against the Company:

A. Appeal filed by Laxmi Vilas Bank Limited in Debts Recovery Appellate Tribunal (DRAT) Mumbai against the Company:

Laxmi Vilas Bank Limited (LVB) had instituted original application (O.A.) no. 84 of 2013 in Debts Recovery Tribunal (DRT) Ahmedabad against the company and others for recovery of its dues of ₹ 20.83 Cr. During the pendency of aforesaid O.A., the Debt and Securities were assigned by LVB to Phoneix ARC Private limited (Phoneix) on June 10, 2013 and LVB had filed an application for substituting phoenix as an original applicant in the aforesaid O.A. On May 31, 2013 a reference was

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018 (Contd...)

made by the company to Corporate Debt Restructure cell to restructure its debt.

The DRT Ahmedabad had passed an order of rejecting aforesaid O.A on the ground that Restructuring package approved by CDR Cell is legally binding on all the banks including LVB and LVB has not given prior notice to CDR Cell of the assignment. Against the aforesaid order in O.A 84 /2013, LVB has filed an appeal in DRAT Mumbai wide appeal No. 106 of 2014. The said appeal is pending for hearing.

B. Cases filed by Laxmi Vilas Bank Limited u/s 138 of Neogiable Instrument Act, 1881

- (i) The Laxmi Vilas Bank Limited, Ahmedabad (LVB) has filed criminal complaint no. 1059 of 2013 against the company in Criminal Court of Ahmedabad for the dishonour of two cheques aggregating to ₹ 6 Cr. The case is pending before the Court for hearing.
- (ii) The Laxmi Vilas Bank Limited, Ahmedabad (LBV) has filed criminal complaint no. 675 of 2013 in Criminal Court of Ahmedabad for the dishonour of four cheques aggregating to ₹ 10 Cr. The case is pending before the Court for hearing.

C. Application for Recovery of Debts filed by Canara Bank in DRT, Ahmedabad

- Canara Bank has filed an original application no. 165/2017 in Debt Recovery Tribunal -1, Ahmedabad for recovery of ₹ 406 Crs. The same is pending for hearing in DRT-1, Ahmedabad.
- Indian Overseas Bank has filed an original application no. 136/2017 in Debt Recovery Tribunal-1, Ahmedabad for recovery of ₹ 169.90 Crs. The same is pending for hearing in DRT-1, Ahmedabad.
- During the pendency of the cases in DTR-1 Ahmedabad, Canara Bank and Indian Overseas Bank has assigned the outstanding debt to Invent Assets Securitization & Reconstruction Pvt. Ltd. ("Invent") the designated "Asset Reconstruction Company" (ARC). Consequently, Invent has filed application for substitution of name as applicant in DRT-1 and therefore all correspondences with the DRT-1 are now involving "Invent" instead of Canara Bank and Indian Overseas Bank.
- State Bank of India (formerly State bank of Patiala) has filed an original application no. 04/2018 in Debt Recovery Tribunal -1, Ahmedabad for recovery of its dues. The same is pending for hearing in DRT -1, Ahmedabad. The copy of the original application is awaited, hence the amount of claim is not known.

Future cash outflows in repect of the claims against the company are determinable only on receipt of judgements or decisions pending at the respective forums.

34. Segment Information

The company's business activity falls within a single business segment viz. 'Textile' and is managed organisationally as a single unit. However, it has customers in India as well as outside India and thus segment reporting based on the geographical location of its customers is as follows:

The provision for all known liabilities is adequate and not in excess of amount considered reasonably necessary.
- v) The classification / grouping of items of the acounts are made by the management, on the basis of the available data with the Company and which has been relied upon by the auditors.

36. First Time Adoption of Ind AS

Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.The accounting policies set out in Note 1 have been applied in preparing the financial statements for the year ended 31 st March, 2018, the comparative information presented in these financial statements for the year ended 31 st March, 2017 and in the preparation of an opening Ind AS balance sheet at 1st April, 2016 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position and financial performance is set out in the following tables and notes.

Ind AS optional exemptions

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018 (Contd...)

per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

Ind AS mandatory exceptions

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

Explanatory Notes to the transaction from previous GAAP to Ind AS:

1. <u>Defined Benefit Plan</u>

Both under Indian GAAP and Ind AS, the Company recognized costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to statement of Profit and Loss. Under Ind AS, re-measurements comprising of actuarial gains and losses, the effect of the asset selling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI.

2. Other Comprehensive Income:

Under Indian GAAP, the Company has not presented Other Comprehensive Income (OCI) separately. Hence, it has reconciled Indian GAAP Statement of Profit and loss to Statement of Profit and loss as per Ind AS. Further, Indian GAAP Statement of Profit and loss is reconciled to total comprehensive income as per Ind AS.

3. Deferred Tax Adjustments:

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the Balance Sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP. According to the accounting policies, the Company has to account for such differences. Deferred tax adjustments are recognized in co-relation to the underlying transaction either in retained earnings or a separate component of equity.

4. Statement of Cash Flow:

The transaction from Indian GAAP to Ind AS does not have material impact on the Statement of Cash Flow.

5. Classification Of Air Value Measurement of Financial Assets and Financial Liabilities:

The company has assessed the classification of fair valuation impact of financial assets and liabilities under Ind AS 32 / Ind AS 109 on the basis of the facts and circumstances at transition date. Impact of fair value changes as on date of transition, is recognized in opening reserves and changes thereafter recognized in Statement of Profit and Loss or Other Comprehensive Income, as the case may be.Borrowings (part of financial liabilities)- Under Indian GAAP, transaction costs incurred in connection with borrowings are amortized upfront and charged to Statement of Profit and loss. Under Ind AS, transition costs are included in the initial recognition amount of financial liabilities and measured at amortized cost and charged to Statement of Profit and loss using the Effective Interest Rate (EIR) method.

37. Risk measurement, Objectives and Policies

37.1 Financial Risk Management

The Company's principal financial liabilities comprise loans and borrowings in domestic & foreign currency, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018 (Contd...)

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks and how the Company is managing such risk.

The company's Board of Directors has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

37.2 Credit Risk Management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and others. In addition, credit risk arises from financial guarantees.

The Company implements a credit risk management policy under which the Company only transacts business with counterparties that have a certain level of credit worthiness based on internal assessment of the parties, financial condition, historical experience, and other factors. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Company has established a credit policy under which each new customer is analyzed individually for creditworthiness.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component that are expected to occur. The collective loss allowance is determined based on historical data of payment statistics for similar financial assets. Debt securities are analyzed individually, and an expected loss shall be directly deducted from debt securities.

Credit risk also arises from transactions with financial institutions, and such transactions include transactions of cash and cash equivalents and various deposits. The Company manages its exposure to this credit risk by only entering into transactions with banks that have high ratings. The Company's treasury department authorizes, manages, and oversees new transactions with parties with whom the Company has no previous relationship.

The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly.

(a) The ageing analysis trade receivables from the date the invoice falls due is given below:

37.3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

However, in view of various unfavourable factors as set out in Note 16.1, the Company has been experiencing stressed liquidity condition. In order to overcome such situation, the Company has been taking measures to ensure that the Company's cash flow from business borrowing or financing is sufficient to meet the cash requirements for the Company's operations.

Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual discounted payments.

37.4 Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loan borrowings. The goal of market risk management is optimization of profit and controlling the exposure to market risk within acceptable limits.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, borrowing

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018 (Contd...)

strategies, and ensuring compliance with market risk limits and policies.

a) Interest Rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in it total portfolio.

b) Foreign Currency Risk

Though company operation are mainly in domestic marke, company is exposed to foreign exchange risk arising from foreign currency transactions, with respect to export of goods and short term borrowings in USD. Foreign exchange risk arises from commercial transactions and recognized assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

- i) The company has no borrowings in foreign currency so it has no exposure to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in foreign exchange rates.
- ii) As of 31 March 2018 and 31 March 2017, provided that functional currency against foreign currencies other than functional currency hypothetically strengthens or weakens by 5% and strengthens by 10%, the changes in gain or loss for the years ended 31 March 2018 and 31 March 2017 were as follows:

₹ in Lacs

USD		
5% Increase	7.04	11.24
10% Increase	14.08	22.30
5% Decrease	(7.04)	(10.89)

c) Commodity Price Risk

Principal raw material for company's products is Grey Cloth. Company sources its raw material requirements from domestic markets as well as International markets. Volatility in cotton prices coupled with demand-supply scenario in the domestic and international market affect the effective price of the compamy's principal raw material. Company effectively manages availability of material as well as price volatility through well planned procurement and inventory strategy and also through approprate contracts and commitments.

d) Sensitivity Analysis

The table below summarises the impact of increase/decrease in prices of grey cloth on profit for the period.
